Vision

- GLACIAL PROD S.R.L., a Romanian limited liability company, entered the market in 1994, but in 2002 changed its status and shifted its main activity to „Road and highways constructions works”. Since then, the Company involved in infrastructure works has constantly consolidated its position in order to become one of the most important contractors on local market.

Activities

Besides its main activity – of execution of roads – our Company performs works of civil construction, water and sewerage networks, bridges, metallic and wooden constructions, mineral exploitation. In Romania we have 4 branches in 3 different counties and since 2011 we have also a branch in Kingdom of Saudi Arabia (Riyadh).
